

TO PARENTS:

If further information is desired, you are invited to make inquiry of the principal or the child's teacher. Kindly remember that conferences with the teachers cannot be held while the school is in progress. However, appointments may be arranged through the principal's office.

Your signature below indicates that you have inspected the card—not that you approve or disapprove. Cards should be returned promptly to the school.

Punctual and regular attendance is required. On returning to school after an absence the pupil should bring with him a written statement giving definitely the cause of his absence. A verbal report by the parent to the teacher or principal is sufficient.

Your cooperation will be greatly appreciated.

Manis H. Brown

REPORT TO PARENTS

OF

Lois Drummond

GRADE II

Theresa Dalton
Teacher

TO PARENTS:

Included in this report are two sets of marks. The first indicates the pupil's progress in the regular school subjects. The second indicates the child's progress in the formation of some of the fundamental moral and intellectual traits which are essential to good citizenship in a democracy. In this training it is recognized that the school shares responsibility with the home.

WILL C. CRAWFORD,
Superintendent
